Safety Data Sheet P-19-6373-TR

Making our planet more productive" according to U.S. Code of Federal Regulations 29 CFR 1910.1200, Hazard Communication.

Date of issue: 05/01/2009

5/01/2009 Revision date: 03/20/2015

Supersedes: 10/01/2014

SECTIO	ON: 1. Product and company ide	entification			
1.1.	Product identifier				
Name	:	Tracer R			
CAS No	:	Trade Secret			
Formula	:	Trade Secret			
1.2.	Relevant identified uses of the substant	nce or mixture and uses adv	ised against		
Use of th	e substance/mixture :	Industrial use. Use as directe	ed.		
1.3.	Details of the supplier of the safety date	ta sheet			
Danbury,	idgebury Road CT 06810-5113 - USA 72-9247 (1-800-PRAXAIR) - F 1-716-879	-2146			
1.4.	Emergency telephone number				
Emergen	cy number :	Onsite Emergency: 1-800-64	5-4633		
		CHEMTREC, 24hr/day 7days 527-3887 (collect calls accep		: 1-800-424-9300, Outside USA: 001-703-	
SECTIO	ON 2: Hazards identification				
2.1.	Classification of the substance or mixed	ture			
Classific	ation (GHS-US)				
2.2.	Label elements				
GHS-US	labeling				
	ng applicable				
2.3.	Other hazards				
Other haz classifica	0	MAY BE HARMFUL IF SWA	LLOWED		
Classifica		Liquid or vapor may irritate sl	kin, eyes, and respirat	tory tract.	
		Toxic and corrosive vapors w	ill form if exposed to f	lames or glowing hot surfaces.	
2.4.	Unknown acute toxicity (GHS US)				
		No data available			
SECTIO	ON 3: Composition/information	on ingredients			
3.1.	Substance				
Name		Product identifier	%		
Tracer R (Main con		(CAS No) Trade Secret	100		
3.2.	Mixture			•	
Not appli	cable				
SECTIO	ON 4: First aid measures				
4.1.	Description of first aid measures				
		difficult, qualified personnel n	nay give oxygen. Call		
First-aid ı	neasures after skin contact :			kin area with mild soap and water, followed s: Get medical advice/attention.	
EN (Engl	ish US)	SDS ID: P-19-63	373-TR	1.	/6

Tracer R Safety Data Sheet P-19-6373-TR

Making our planet more productive" accordin	ty Data Sheet P-19-6373-TR ng to U.S. Code of Federal Regulations 29 CFR 1910.1200, Hazard Communication. issue: 05/01/2009 Revision date: 03/20/2015 Supersedes: 10/01/2014
First-aid measures after eye contact	: Rinse eyes with water as a precaution. Hold the eyelids open and away from the eyeballs to ensure that all surfaces are flushed thoroughly. Contact an ophthalmologist immediately.
First-aid measures after ingestion	: Do NOT induce vomiting. Get immediate medical attention. Give water to drink if victim completely conscious/alert. Never give anything by mouth to an unconscious person.
4.2. Most important symptoms and effe	cts, both acute and delayed
Symptoms/injuries	: Liquid or vapor may irritate the respiratory tract, skin and eyes. Swallowing liquid may cause discomfort and distention.
4.3. Indication of any immediate medica	al attention and special treatment needed
	No additional information available
SECTION 5: Firefighting measures	
5.1. Extinguishing media	
Suitable extinguishing media	: Does not burn. Use extinguishing media appropriate for surrounding fire.
5.2. Special hazards arising from the su	Ibstance or mixture
Fire hazard	: Not flammable.
5.3. Advice for firefighters	
Protection during firefighting	: Toxic and corrosive vapors will form if exposed to flames or glowing hot surfaces Evacuate all personnel from the danger area. Use self-contained breathing apparatus (SCBA) and protective clothing. Immediately cool containers with water from maximum distance. Remove ignition sources if safe to do so. Remove containers from area of fire if safe to do so. On-site fire brigades must comply with OSHA 29 CFR 1910.156 and applicable standards under 29 CFR 1910 Subpart L—Fire Protection.
SECTION 6: Accidental release mea	isures
6.1. Personal precautions, protective ec	and a second
General measures	 Do not get on skin, in eyes, or on clothing. Use solid absorbent to pick up spilled material. Ventilate area of spill, or move leaking container to a well-ventilated area.
	: Do not get on skin, in eyes, or on clothing. Use solid absorbent to pick up spilled material. Ventilate area of spill, or move leaking container to a well-ventilated area.
General measures 6.1.1. For non-emergency personnel	: Do not get on skin, in eyes, or on clothing. Use solid absorbent to pick up spilled material.
General measures6.1.1.For non-emergency personnel6.1.2.For emergency responders	: Do not get on skin, in eyes, or on clothing. Use solid absorbent to pick up spilled material. Ventilate area of spill, or move leaking container to a well-ventilated area.
General measures 6.1.1. For non-emergency personnel	 Do not get on skin, in eyes, or on clothing. Use solid absorbent to pick up spilled material. Ventilate area of spill, or move leaking container to a well-ventilated area. No additional information available No additional information available
General measures6.1.1.For non-emergency personnel6.1.2.For emergency responders	 Do not get on skin, in eyes, or on clothing. Use solid absorbent to pick up spilled material. Ventilate area of spill, or move leaking container to a well-ventilated area. No additional information available
General measures6.1.1.For non-emergency personnel6.1.2.For emergency responders	 Do not get on skin, in eyes, or on clothing. Use solid absorbent to pick up spilled material. Ventilate area of spill, or move leaking container to a well-ventilated area. No additional information available No additional information available Prevent waste from contaminating the surrounding environment. Prevent soil and water pollution. Dispose of contents/container in accordance with local/regional/national/international regulations. Contact supplier for any special requirements.
General measures 6.1.1. For non-emergency personnel 6.1.2. For emergency responders 6.2. Environmental precautions	 Do not get on skin, in eyes, or on clothing. Use solid absorbent to pick up spilled material. Ventilate area of spill, or move leaking container to a well-ventilated area. No additional information available No additional information available Prevent waste from contaminating the surrounding environment. Prevent soil and water pollution. Dispose of contents/container in accordance with local/regional/national/international regulations. Contact supplier for any special requirements.
General measures 6.1.1. For non-emergency personnel 6.1.2. For emergency responders 6.2. Environmental precautions 6.3. Methods and material for containmental precautions	 Do not get on skin, in eyes, or on clothing. Use solid absorbent to pick up spilled material. Ventilate area of spill, or move leaking container to a well-ventilated area. No additional information available No additional information available Prevent waste from contaminating the surrounding environment. Prevent soil and water pollution. Dispose of contents/container in accordance with local/regional/national/international regulations. Contact supplier for any special requirements. ent and cleaning up Use solid absorbent to pick up spilled material. Prevent runoff from contaminating surrounding
General measures 6.1.1. For non-emergency personnel 6.1.2. For emergency responders 6.2. Environmental precautions 6.3. Methods and material for containment For containment For containment	 Do not get on skin, in eyes, or on clothing. Use solid absorbent to pick up spilled material. Ventilate area of spill, or move leaking container to a well-ventilated area. No additional information available No additional information available Prevent waste from contaminating the surrounding environment. Prevent soil and water pollution. Dispose of contents/container in accordance with local/regional/national/international regulations. Contact supplier for any special requirements. ent and cleaning up Use solid absorbent to pick up spilled material. Prevent runoff from contaminating surrounding
General measures 6.1.1. For non-emergency personnel 6.1.2. For emergency responders 6.2. Environmental precautions 6.3. Methods and material for containment For containment For containment	 Do not get on skin, in eyes, or on clothing. Use solid absorbent to pick up spilled material. Ventilate area of spill, or move leaking container to a well-ventilated area. No additional information available No additional information available Prevent waste from contaminating the surrounding environment. Prevent soil and water pollution. Dispose of contents/container in accordance with local/regional/national/international regulations. Contact supplier for any special requirements. ent and cleaning up Use solid absorbent to pick up spilled material. Prevent runoff from contaminating surrounding environment.
General measures 6.1.1. For non-emergency personnel 6.1.2. For emergency responders 6.2. Environmental precautions 6.3. Methods and material for containment For containment 6.4.	 Do not get on skin, in eyes, or on clothing. Use solid absorbent to pick up spilled material. Ventilate area of spill, or move leaking container to a well-ventilated area. No additional information available No additional information available Prevent waste from contaminating the surrounding environment. Prevent soil and water pollution. Dispose of contents/container in accordance with local/regional/national/international regulations. Contact supplier for any special requirements. ent and cleaning up Use solid absorbent to pick up spilled material. Prevent runoff from contaminating surrounding environment.
General measures 6.1.1. For non-emergency personnel 6.1.2. For emergency responders 6.2. Environmental precautions 6.3. Methods and material for containment For containment 6.4. Reference to other sections SECTION 7: Handling and storage	 Do not get on skin, in eyes, or on clothing. Use solid absorbent to pick up spilled material. Ventilate area of spill, or move leaking container to a well-ventilated area. No additional information available No additional information available Prevent waste from contaminating the surrounding environment. Prevent soil and water pollution. Dispose of contents/container in accordance with local/regional/national/international regulations. Contact supplier for any special requirements. ent and cleaning up Use solid absorbent to pick up spilled material. Prevent runoff from contaminating surrounding environment.
General measures 6.1.1. For non-emergency personnel 6.1.2. For emergency responders 6.2. Environmental precautions 6.3. Methods and material for containment 6.4. Reference to other sections SECTION 7: Handling and storage 7.1. Precautions for safe handling	 Do not get on skin, in eyes, or on clothing. Use solid absorbent to pick up spilled material. Ventilate area of spill, or move leaking container to a well-ventilated area. No additional information available No additional information available Prevent waste from contaminating the surrounding environment. Prevent soil and water pollution. Dispose of contents/container in accordance with local/regional/national/international regulations. Contact supplier for any special requirements. ent and cleaning up Use solid absorbent to pick up spilled material. Prevent runoff from contaminating surrounding environment. No additional information available
General measures 6.1.1. For non-emergency personnel 6.1.2. For emergency responders 6.2. Environmental precautions 6.3. Methods and material for containment 6.4. Reference to other sections SECTION 7: Handling and storage 7.1. Precautions for safe handling	 Do not get on skin, in eyes, or on clothing. Use solid absorbent to pick up spilled material. Ventilate area of spill, or move leaking container to a well-ventilated area. No additional information available No additional information available Prevent waste from contaminating the surrounding environment. Prevent soil and water pollution. Dispose of contents/container in accordance with local/regional/national/international regulations. Contact supplier for any special requirements. ent and cleaning up Use solid absorbent to pick up spilled material. Prevent runoff from contaminating surrounding environment. No additional information available Do not get in eyes, on skin, or on clothing.

R Safety Data Sheet P-19-6373-TR

Making our planet more productive"

according to U.S. Code of Federal Regulations 29 CFR 1910.1200, Hazard Communication. Date of issue: 05/01/2009 Revision date: 03/20/2015

Supersedes: 10/01/2014

7.2.	Conditions for safe s	orage, including any incompa	tibilities
			ol, dry, well-ventilated area.
		Keep contair	ner closed when not in use and when empty.
7.3.	Specific end use(s)		
		No additiona	l information available
SECT	ION 8: Exposure c	ntrols/personal protecti	on
8.1.	Control parameters		
Tracer R (Trade Secret)			
ACGI	4	Not established	
USA (DSHA	Not established	

8.2. Exposure controls	
Appropriate engineering controls	: Use a local exhaust system with sufficient flow velocity to maintain an adequate supply of air in the worker's breathing zone. Mechanical (general): General exhaust ventilation may be acceptable if it can maintain an adequate supply of air.
Eye protection	: Chemical goggles or safety glasses. Select eye protection in accordance with OSHA 29 CFR 1910.133.
Skin and body protection	: Wear appropriate chemical gloves (e.g. neoprene, nitrile, etc.) when working with this product. Wear protective clothing where needed. Select per OSHA 29 CFR 1910.132, 1910.136, and 1910.138.
Respiratory protection	: When workplace conditions warrant respirator use, follow a respiratory protection program that meets OSHA 29 CFR 1910.134, ANSI Z88.2, or MSHA 30 CFR 72.710 (where applicable). Use an air-supplied or air-purifying cartridge if the action level is exceeded. Ensure that the respirator has the appropriate protection factor for the exposure level. If cartridge type respirators are used, the cartridge must be appropriate for the chemical exposure (e.g., an organic vapor cartridge). For emergencies or instances with unknown exposure levels, use a self-contained breathing apparatus (SCBA).

SECTION 9: Physical and chemical properties		
9.1. Information on basic physical and chemical properties		
Physical state	: Liquid	
Color	: Colorless	
Odor	: Odorless.	
Odor threshold	: No data available	
рН	: No data available	
Relative evaporation rate (butyl acetate=1)	: No data available	
Melting point	: No data available	
Freezing point	: <0°C	
Boiling point	: > 38 °C <65°C	
Flash point	: Not applicable.	
Auto-ignition temperature	: No data available	
Decomposition temperature	: No data available	
Flammability (solid, gas)	: Nonflammable	
Vapor pressure	: > 400 mbar (at 25°C (77°F))	
Relative vapor density at 20 °C	: > 2 (Air = 1) 77°F (25°C) and 1 atm [Calculated]	
Relative density	: No data available	
Solubility	: Water:	
Log Pow	: No data available	
Log Kow	: No data available	
Viscosity, kinematic	: No data available	
Viscosity, dynamic	: No data available

SECTION 16: Other information	
Revision date	: 3/20/2015 12:00:00 AM
Other information	: When you mix two or more chemicals, you can create additional, unexpected hazards. Obtain and evaluate the safety information for each component before you produce the mixture. Consult an industrial hygienist or other trained person when you evaluate the end product. Before using any plastics, confirm their compatibility with this product.
	Praxair asks users of this product to study this SDS and become aware of the product hazards and safety information. To promote safe use of this product, a user should (1) notify employees, agents, and contractors of the information in this SDS and of any other known product hazards and safety information, (2) furnish this information to each purchaser of the product, and (3) ask each purchaser to notify its employees and customers of the product hazards and safety information.
	The opinions expressed herein are those of qualified experts within Praxair, Inc. We believe that the information contained herein is current as of the date of this Safety Data Sheet. Since the use of this information and the conditions of use are not within the control of Praxair, Inc., it is the user's obligation to determine the conditions of safe use of the product.
	Praxair SDSs are furnished on sale or delivery by Praxair or the independent distributors and suppliers who package and sell our products. To obtain current SDSs for these products, contact your Praxair sales representative, local distributor, or supplier, or download from www.praxair.com. If you have questions regarding Praxair SDSs, would like the document number and date of the latest SDS, or would like the names of the Praxair suppliers in your area, phone or write the Praxair Call Center (Phone: 1-800-PRAXAIR/1-800-772-9247; Address: Praxair Call Center, Praxair, Inc., P.O. Box 44, Tonawanda, NY 14151-0044).
